KOFO

OTTAWA, KANSAS
66067

TO: David F. Thomas FROM: Bob Davis

DATE: 7 Feb 68

SUBJECT: Reception report

This confirms your report of reception of KOFO-AM on 5 February. So far, yours is the only report from Florida, but all reports, from Denver to New York to Tampa to Houston mention the Spanish interference. Also, some letters mentioned an unmodulated carrier from XEB, the station that makes KOFO-AM a daytimer. This, the first day of received reports, brought 19 mailings from 11 states. I was calibrating the modulation monitor, and I had notified the National Radio Club of the test, so I guess that explains most of the reports. Thanks for the info from Florida,

Bob
