Dave,

Following is a conformation of your reception report:

THIS IS TO CONFIRM YOUR RECEPTION ON RADIO STATION K W S K
IN PRATT KANSAS ON NOV. 23, 1960 BETWEEN 1:30 AND 1:40
A.M. EST. TED PATTERSON-CHIEF ENGINEER

Sig: Ted Patterson

1570 Kc

Good work with the Hammarlund Super Pro Old Man. Always get a lot of reception reports following a frequency check even though we are heckled to death by X E R F. Checking back through the reception reports since 57, we have received only three other reports from Ohio. All of them were on our monthly frequency checks. Just for the record and other guys back there who might be interested in logging K W S K our frequency checks are on the fourth Wednesday morning of the month from 12:30 TO 12:45 A.M. CST. Maybe we will hear from more people in your area. Enclosed Literature tells briefly of this part of the country. Thanx for the report.

Sincerely, Ted Patterson CE
