

1490 KILOCYCLES.....250 WATTS

FRANKFORT, KENTUCKY

13 May 1946,

David F. Thomas,  
Proctorville, Ohio.

Dear Sir:

In reply to your card of Mar. 17, 1946. We were on the air from 6:02 to 6:14 $\frac{1}{2}$  A.M. E.S.T, as your log shows. This was an equipment test. We went on program test Mar. 18, 1946.

Our Transmitter is a Gates 250-C , our antenna is a windcharger 200' the transmitter is located atop one of the highest hills in the county, and we have some hills.

Very truly yours,

Charles M. Green  
Chief Engineer.
