Dear Mr. Thomas,

Thank you for the fine reception report of April 15, 1957. I wish to verify your report, as WFLW was on the air for a frequency check at that time. Every month, the third Monday at 2:00 AM CST. we broadcast for ten minutes for a frequency check.

We have a Lites 250 watt transmitter and have been on the air since June, 1955.

If you ever come down our way again, we invite you to drop in at our station. Wishing you the best of luck,

Yours for Christian Radio Broadcasting
