OWNED AND OPERATED BY BLANFOX RADIO CO.  
R. B. HELMS, PRESIDENT

TELEPHONE 625

R. B. HELMS  
GEN. MGR.

January 12, 1956.

Mr. David F. Thomas  
Radio WUMS  
Proctorville, Ohio.

Dear Mr. Thomas:

This will acknowledge and thank you for your interesting report of reception of this station on January 9, 1956, at 5:00 A.M.

WHLN went on 1280 kcs around June of last year, using 1000 watts. Previously we were on 1230 kcs with 250 watts and before that on 1450 kcs with the same power.

Yours is one of the many reception reports that we have received since going to the 1280 spot. We thank you for sending it.

Van Nostram in Atlanta, Georgia, uses this early sign on time for our regular frequency check.

We are using the experimental model of Gates new Hi-Watt 1000 watt transmitter. The engineer who designed the transmitter came to Harlan and installed it. We have had very little trouble with it.

We are enclosing our coverage map.

Yours very truly,

Radio Station WHLN

R. B. Helms  
Gen. Manager.
