Dave,

Thanks for the tentative on the 2/3 Test here. It was read with much interest, especially the comment's about OKJ's "Super Soul"!!

I debated about sending a verification, but have done so on this basis: According to my log, I ran tones at 1:09, 1:17, and 1:28 (or, I should say, they were in progress at those times). Of course, tones were broadcast here several other times, but also at those you mentioned.

This, coupled with the fact that you MUST have been on 1550 that morning led the CE and I to decide to go ahead and send it.

Again, thanks, and try to listen for us again (reg f/c 1st Sat of each mo. at 0300).

Many best wishes, and gud luck on the experimental on 1560!!

*Very cordially,
Dave White*

P.S. No other Fla reports at this time.
