Dear Mr. Thomas:

Thanks, for your report of reception for Oct. 19, 1949 from 4:57 AM to 6:05 A.M. Your report checks with the WSIP program log.

We regret that you are unable to receive our station clearly at all times. Our ground wave does not extend that far.

We have had reports of reception as far West as Iowa, as far North as Canada, and several reports from New York and New Hampshire.

Very truly yours
Eugene Baldrige
