Mr. Thomas:

We here at WTCW were more than glad to get your letter of reception, and of course glad to verify your report.

We run a frequency check with the Van Nastrum Engineering service in Atlanta, Ga. each third Tue. of each month from 12:20 Am CST to 12:30 Am ~~EST~~ CST.

We went on the air herethe last day or so in Feb. of this year and of course are daytime only. We are using Gates equipment throughout except for the Monitors which are General Radio. Our studio's and transmitter are all located in Mayking, Ky. ABT. 3-4 Miles above Whitesburg. Let me say that yours is the first Mobile report that we have recieved. and of course extend an invitation to you to come by and see us anytime t at you possible can.
