

KMLB

LIVE BROADCAST STATION

STUDIO 512-16 SOUTH GRAND STREET

Monroe, Louisiana.

February 1st. 1932.

Answering yours
January 29th.

Mr. David F. Thomas,
Proctorville, Ohio.

Dear Mr. Thomas:-

It gives me much pleasure to verify your reception
of K.M.L.B. January 29th between the hours of two
and three AM CST.

Due to severe heterodyne interference the Supervisor
at New Orleans must check the frequency of all small
stations in the early morning hours. Our station
usually checks at least twice every month.

Many thanks for the report.

Very sincerely yours?

Tune in between twelve and four Am Feb. 4th.
