Dear David:

This letter is to definitely verify that you logged radio station WEND on the morning of February 26th, 1957, from 2:00 to 2:30 AM, CST, as we were on the air for a special DX TEST program for the National Radio Club. Our signal was heard quite well in the East but blocked in the West by station KGMS-Sacramento, California on their all night show.

We are sorry for the delay and glad to be able to add WEND to your list of stations verified. Good luck in your interesting hobby.

Yours truly,

Bruce Broussard, Manager
