Dear Sir:

Thank you for your card reporting reception of WBMS in Proctorville Ohio. We have been heard in Ohio before, but not on a regular schedule. We would expect too much interference from WBAL which runs 50 kw on same frequency as ours, 1090. Your report is very much appreciated, and your info regarding our programs on Sept 25, from 6:00 to 6:15 a.m. is correct. We operate with an antenna power of 1000 watts, and are on a daylight schedule only.

Very truly yours,

Merle L. Towle  
Chief Engr.
