Dear Sir:

We wish to thank you very much for your card reporting reception of our test program of February 1. This was transmitted at Millis, Massachusetts with a power of about 4000 watts.

We are glad to know that you also get our Short Wave Transmitter, WLXAZ. We expect in a short time to move this transmitter from Springfield to our new location at Millis and hope you will continue to get good reception.

Very truly yours,

Philip F. Robinson
