Dear Dave:

I can imagine the Cuban was rough during our DX test.

At 3:58, we were playing the satirical record "Loving You Has Made Me Bananas," which contains a comedian, in old dance-program style, splicing off continued announcements introducing songs and orchestras. A part of this record mentions a downtown ballroom and New Orleans. And at 4:24:30, I gave a fairly lengthy ID during which I mentioned Somerville, one of the towns we cover (and one of the phonetics of our calls.)

On the basis of these items, there can be no doubt that you did indeed pick up snatches of our WCAS test ... and therefore, I am pleased to verify your reception of WCAS on 740 kc. on the morning of April 22, 1968, during a test broadcast.

I am glad to be able to verify the report, as you have done a good job of monitoring a very tough frequency for your part of the country.

Good luck in future DX endeavors...

Best Regards,
