Dear Mr. Thomas:

We are pleased to confirm your report of reception of our test transmissions from 5:20 a.m. to 6:15 a.m. on November 28.

We are conducting tests from our new 50,000-watt transmitter plant in Needham, Massachusetts, between our regular sign-off and sign-on time, 1:00 to 6:15 a.m. We expect to begin our normal program schedule from this new station in January.

Thank you very much for your report; we were interested to learn that you were able to hear us in West Virginia and Ohio.

Very truly yours,

*Philip K. Baldwin*
