Dear Sir:

Thank you very much for the report on the program we ran February 17, 1952 from 4AM to 6AM. After checking over our log and comparing it to your letter log we find you have a varification comming your way, and this is it.

All of the letters were very interesting and greatly appreciated. With the large number of letters received from this test added on to those we already had our DX file now takes up two folders. Not bad for a month old station. Thank you.

Very truly yours,
