Mr. David F. Thomas
Procterville
Ohio

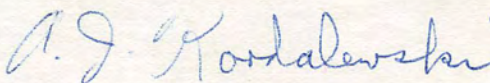

Dear Mr. Thomas,

Thank you for your report on our DX program of November 17, 1947. Your log of program material heard is correct.

QRN seems to have been general in all sections that night. Practically all reports mentioned it. Well, maybe we can let you hear our signal some time when conditions are a little better.

Best of luck and DX.

Very truly yours,

A.J. Kordalewski
Chief Engineer
