Mr. David F. Thomas,
Proctorville, Ohio.

Dear Sir:

Very many thanks indeed for your postal reporting reception of our signal in your district. Whilst we note you do not require a confirmation we want to take this opportunity of thanking you for your notice. At the present time we are very interested in knowing how we are reaching out, as recent adjustments to our ground system have been made. It is also more interesting to us in view of the increase in power of CBF and we appreciate very much the information you have given us.

Yours very truly,
