Nov. 16, 1938

Mr. David F. Thomas,
Radio Station W.U.M.S.
Prostorville, Ohio,
U. S. A.

Dear Sir:-

Yes, your report is probably correct. We were testing at that time on Sunday morning. Testing with Mobile VE9DZ in downtown Winnipeg.

This is a good report for 1000 watts and very possible that it would be heard at that distance. Radio reception on Sunday morning here was exceptionally good.

Mr. Coates is still with radio work in Winnipeg.

Yours truly,

JAMES RICHARDSON & SONS, LIMITED
Radio Division
