Mr. David F. Thomas
Longwave listening post
Radio W.U.M.S.
Proctorville, Ohio

Dear Mr. Thomas:

We just received your report of reception of Radio Station W.D.Y.K. and you may consider this an official confirmation of your report.

We were rather amazed at your report when we received it but I'm a little puzzled. You write that you listened to us while traveling the Penna. Turnpike but you don't say ~~where~~ where you were when listening. We are very interested in reports of reception from the Penna. area for we are trying to discover how well we cover that section of this Tri State area. I was wondering also if you have ever heard us in Proctorville itself. I must confess I have no idea where it is in Ohio.

Our regular frequency check falls on the first thursday of every month, and is held from 4:00 To 4:15 A.M. E.S.T.

A word of apology here for the condition of this letter. The girl usually handling the typing is on vaction so were all sort of roughing it.

Thanks again for the report and good luck on future contacts.

Sincerely

WESTERN MARYLAND BROADCASTING CO.
