BEL AIR BROADCASTING COMPANY, INC.  
WONDERFUL VOICE OF BEL AIR

1520 ON YOUR DIAL

March 20, 1964

David F. Thomas  
Radio W.U.M.S.,  
Proctorville, Ohio

Dear DXer -

Many thanks for your DX letter. We have had a great many of them, from throughout the United States, and we always enjoy finding out just how far our signal goes.

This is to confirm your reading of WVOB on Mon., Mar. 16, 1964 at 3:50 - 4:30 AM EST. WVOB operates on 1520 Kilocycles, with a power of 250 Watts, Non-directional and Daytime.

If you are ever in this neck of the woods, please stop by our studios in the Bob Turley Bowl Building just south of Bel Air. I would be happy to show you around.

Yours -

Pierce Burgess  
Chief Engineer
