Mr Thomas:

I want to thank you for your very interesting and complete report on the special NNRC Special program. Glad you finally logged W R U M. The QRN was pretty bad from all reports and so far you are the furthest one that has sent in a report. All the fellows reported QRN pretty bad. Hope that we can get together again some time under more favorable conditions.

Sincerly Yours

  
Peter F. Paul  
Chief Engineer

This is the station that burned to the ground. I was with  
W I D E at the time but since then have made a switch to R U M.
