Mr. David F. Thomas  
Radio W.U.M.S.  
PO Box 11531  
Tampa, Florida 33610

Dear Mr. Thomas;

Thank you for your letter of Feb. 9.

I appreciate your efforts to hear us down there, and can well appreciate the difficulties you would be having. I am not sure what was advertised by NNRC/IRCA, but I would emphasize that we were NOT trying to see how far we could get.

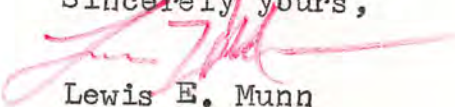

I cooperated with the groups by scheduling a maintenance period at the time that was requested, in order to allow those DXers who wished to log WCSR an opportunity to try to log us. Normally, we would have been on for maintenance of this same nature on the weekend.

We did use a tone ID with CW at 12:56, but not at the other times you listed, so it would appear improbable that you heard us.

We have had confirmed reports so far from the Buffalo, NY area, and an 80% probable from Staten Island. Previously we have had reports from Quebec, NY, Ohio, Kentucky, Ontario, and of course, Mich and Ind.

Again, thank you for your letter. Best wishes for the future DXing.

Sincerely yours,

  
Lewis E. Munn  
Chief Engineer
