TELEPHONE 1230

Mr. David F. Thomas,
Proctorville, Ohio

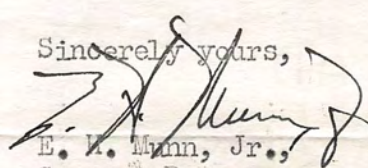

Dear Mr. Thomas:

Thank you very much for your reception report on our new 5000 watt operations.

We find your report correct, except that we are puzzled by mention of WINX, which is no longer on our channel, and WWXL, which no longer is operating, pending financial reorganization.

Should you receive our new night signal at any time, we would be much interested in hearing from you.

Sincerely yours,

E. W. Mann, Jr.,
Station Director

EHM/jr
