Dear Dx'er:

This is to verify your reception reports on the DX test run by KAOL on May 2nd this year. Thank you for the information you have furnished.

As of May 16 some of the reports we have received have been from Michigan, Rhode Island, Illinois, Pennsylvania, Florida, Tennessee, Montana, Ohio, Ontario Canada, New Jersey, Indiana and Missouri.

Our equipment is as follows:

KAOL Transmitter, RCA BTA500R
147' tower series excited omni-directional
Gates Dualux board

Again thanks for the reports.

Good luck in Dx'ing.

Michael Thayer

Mike Thayer

*Our CW helped get to Clinton Ontario Canada
and Seattle Wash. This is the 2ND DX test
I've done and both turned up about 20
reception reports each. It seems that most
of the reports did come from Eastern US as you
said.
(over)*

We did use some music + voice promos
but not many could make them out.

Please let me know how much your book
will cost as I would like very much to
read it.

Thanks again for your letter
Mike.

As of May 15 some of the reports we have received
have been from Michigan, Rhode Island, Illinois,
Pennsylvania, Florida, Tennessee, Montana, Ohio,
Ontario Canada, New Jersey, Indiana and Missouri.

Our equipment is as follows:

KAOJ Transmitter, 50W BROADCAST
100' tower aerials erected semi-directional
Gates Dialux board

again thanks for the reports.

Good luck in Dixie.

Mike Sawyer
