

Kansas City, Mo.,

October 23, 1947

We hereby verify your report of our reception: in accordance with your card dated October 19, 1947.

We began operation with 50,000 watt power day and 10,000 watt power night on 810 kilocycles September 9, 1947. We are non-directional day and direction night. We protect San Francisco and Schenectady, New York which probably accounts for your poor reception.
