1000 Watts - 1050 Kc.

COLUMBUS, MISSISSIPPI

May 6, 1957

Mr. David F. Thomas
Proctorville, Ohio

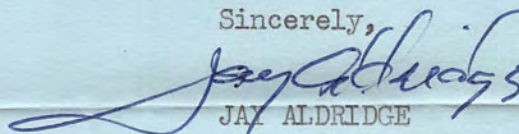

Dear Dave:

I regret that we are so long in acknowledging your reception of our ¹⁴X on March 28, 1957. We have had a change of ownership during the month of March, and we dhave been rather snowed under with a number of things. However, this letter is to acknowldge receipt of your notification that you received us.

We feel like we would have done a lot betterhad we used a complete program of Hawaiian Music. From the reports, our Band Music faded badly and that is when XEG and other stations came through us. We are still getting reports and just last week received one from Paxton, Illinois.

Again, many thanks,

Sincerely,

JAY ALDRIDGE
Chief Engineer
