Mr. David F. Thomas

Dear Mr. Thomas:

Thank you for your interest and information concerning our frequency measurement broadcast for October.

The information on your card, in so far as you report, is correct. That delete is due, no doubt, to the 20 percent unreadable signal because of QRM from WMFJ.

Our regular allotted time for frequency measurement is 3:55-4:05 AM EDT the third Wednesday of each month.

Your future interest in our station on the signal will be greatly appreciated.

Sincerely yours,

Radio Station WROX
