Mr. David F. Thomas,
PROCTORVILLE, Ohio,
U. S . A.

Dear Sir:- Exactly. That was our station C.M.C.G, broadcasting information about the last hurricane that struck this Island. It was an irregular transmission.

Our regular programs are transmitted, every day, from 6.57 a.m. to 12 p.m.

Probably we will commence to broadcast, very soon, DXs programs.

We'll be very glad in receiving from you some letters any time you listen to this C.M.C.G.

With thanks for your report, is

Sincerely yours, .

Angel G. Anido.
