Mr. David F. Thomas
Radio Station WUMS
Proctorville, Ohio, U.S.A.

Dear sir:

It has been a great pleasure to receive a report of such a long distance, of our Radio Station CMKG, RADIO TUNAS.

Your report reveals that CMKG can be heard in other countries, although its power is only 250 watts, and is bothered by CMOX, with greater power signal and located in the same frequency.

Our Radio Station uses an RCA Victor transmitter with 150 feet antenna, RCA Victor microphone and Gates console.

We appreciate very much your report, that was filed as a treasure document in our office.

Thanking you again for your report, and we remain,

Truly yours,

A. C. de la Sierra
Adolfo C. de la Sierra
Admor.
