Mr. David F. Thomas,
Longwave Listening Post,
Radio W.U.M.S.,
Proctorville,
Ohio, U.S.A.

Dear Mr. Thomas,

Very many thanks for your report just received on the special DX Programme broadcast from PJC7 Radio Hoyer 2 on 1500 Kcs, on the night of November 18th last. I am glad to verify your reception report, but unfortunately, I notice that like so many others in your locality, you were unable to pick up good reception on that particular occasion. We have had in many reports from all parts of the States, and in general it would appear that DX'ers in the Northern states and Canada fared better than those in the South. All in all, it was not a good night so far as reception conditions were concerned, and I hope to be able to co-operate with the National Radio Club on some future occasion, when I sincerely hope you'll all have better luck.

I was interested to note that you have recently been in the West Indies, and I trust that if ever the occasion arises again, and you are near enough, that you'll pay us a flying visit.

You may like to note that I have arranged a special DX broadcast for the Swedish "Teknik för Allas Eterklubb", for the night of March 1st at 0230 GMT.

Thanking you again for your letter,
Yours sincerely,

(H.E.Hoyer)
