Dear Mr. Thomas:

Thank you for your report of October 27 and its detail.

Sorry, but we do have a weak signal. However, from what you say I would definitely verify that you did hear HOG. From 4:50 to 5:00 AM the music on the program was instrumental as you say.

Yours and one other letter were the first received on this test. The other man - from W. Va. - reported heterodyne at approximately the same times you reported an open carrier. We certainly hope more reports will come trickling in.

Perhaps we can run another special program at a later date. In the meantime - good listening.

Yours very truly,

L. W. Worcester
