SAINT JOHN, N. B.

August 20, 1954

Mr. David F. Thomas,  
Longwave Listening Post,  
Radio W.U.M.S.  
Proctorville, Ohio

Dear Mr. Thomas:

Your letter and comments on radio measurements during your recent tour of these parts made interesting reading.

The reason you were unable to receive our FM was that it is not operating at present and the reason why it is not operating is that we need the space it was occupying (in the Hotel) to accommodate a Microwave Transmitter. This Transmitter is used for our TV operations.

The tower installation you saw was AM only (a directional set-up at night). The TV transmitter is some twenty miles by road in the direction of Fredericton.

Thanks again for your letter and I hope to have the pleasure of meeting you on your next visit here.

Yours sincerely,

*John G. Bishop*

J. G. Bishop,  
Chief Engineer
