MANAGER

March 29-45  
W.F.N.C.  
Fayetteville N.C.

Mr. David F. Thomas  
Proctorville Ohio

Dear Sir;

Thank you for your report on reception  
of WFNC March-26-45.

Our Freq. checks are made the fourth Monday  
of each month, 4:30 to 5:00am Power 250 watts to a vertical  
antenna, 204 Ft. high. Radial ground consists of 120  
radials buried 12 inches.

Noticed on your card your Xmtr. call was WUMS.  
Just what kind of service does that station give.

I was formerly W3CEY before Pearl Harbor.

Thanking you again for your report,

I remain yours truly,

*L. E. Small*
