

Dear Sir:

I wish to express my regrets and apologize for not verifying your interesting and complete reception report on the program equipment test this station conducted the morning of Feb. 5, 1951. Please accept this as our verification of your very satisfactory reception report. We also heard another DXer in your town and received response from Erie, Pa. ; Chicago, Ill. Elmhurst, New York; Ponca City, Oklahoma and many other points, the listing of which I don't have with me at the moment.

Want to thank you for your splendid cooperation and hope you will be listening the next time we run a test.

Best Regards

W. V. Johnson
Chief Eng. WFKG
