Mr. David <sup>1</sup> Thomas,  
Proctorville Ohio.

Dear Mr. Thomas:

I received your letter and report the other day but have been quite busy and have not had time to answer it till now. I too don't quite understand WFNC giving call code with Wm. Frank Macon Chicago. That must have been a new guy and got mixed up.

Your report checks with log here O. K. I might also add that your report was not one of the ones that was mentioned in my letter to the bulletin about sarcastic letters. Yours was perfectly ok and in order.

About the Masonic meetings etc., They do have an O.E.S. though I have not found out just how active they are. You see I am just a beginner in this business as I have not finished my third degree yet. I also have to work on the nights that the local have their regular meetings, so it is going to be a little while yet. My mother in my childhood, was a member of the O. E. S. but that chapter (down in Georgia) is now inactive. Families moved away etc, and those left did not carry it on as the order got so small. That is about all that I know about that one. I have an Uncle and Aunt that were both active in Masons and O.E.S. back in early 1930's but I don't know what they do now. They have moved and I don't think there is a chapter of either where they now live as it is a small town. He is in the lumber business and he lives out near the timber.

I am returning the card to you thought it is out of date, you might want to keep it.

I better get to finishing my correspondence up. I am taking this morning off for catching up.

Yours very truly,

  
W.C. Groves, Jr.
