

RADIO STATION

WIAM

A POWERFUL VOICE ON 900 KILOCYCLES
WILLIAMSTON, NORTH CAROLINA

Your Best
Salesman

March 19, 1951

Dear Mr. Thomas:

Your card reporting reception of WIAM on March 12th, 1951 received and will state that the selection listed and the time shown is correct.

Power here is 1000 watts, a Gates transmitter, and a 254 foot tower. We are located just east of the town of Williamston, N. C., the seat of Martin County, near the Roanoke River.

We go on the air officially today at 1:00 pm, and the program you heard was one of our Broadcast Equipment Tests. Since we are a day-time station, you will not from now on be hearing us very much at nights, unless we are making a frequency measuring check, or testing.

Thank you very much for your kind report.

Cordially yours,

Stephen J. Hart
Stephen J. Hart, C.E.
