Mr. David F. Thomas,  
Proctorville, Ohio.

My dear Mr. Thomas:

Thank you for your card telling us that you heard our New Zealand broadcast January eighth. You would have heard from us before this but the flue interfered with my answering the letters we received in answer to our broadcast. So far there has been no word from New Zealand so we don't know whether they were able to pick us up down there or not. We hope we may still hear from them.

Glad you got us in Proctorville and that the general reception was good. There were a good many stations on the air that night which interfered with our frequency and some of the letters we received complained about them.

Please let us know if you ever pick up our signal again.  
With best wishes,

Very truly yours,
