Dear Dave:

I wrote you a letter, and lost same. Am just now catching up on my DX correspondence, and filling out some printed "series". The other letter must have been a lot better, than this promises to be. Just about written out, at this point.

Right now, I'm going to extend an invitation. On your next field trips, Y' all come, Y' Hear. your work sounds very interesting. It also sounds as if you take a great deal of interest in your baby, too. You must be about a champ on "series", aren't you?

We are going to keep all the letters, and make us a scrapbook out of them. Also plan to pinpoint reception points on a map.

Thanks for your listening favor, and your reply.

Yours most sincerely
George A. Corkum
