Mr. David, F. Thomas,  
26th Street Ferry Co.,  
Proctorville, Ohio

Dear Sir:

We acknowledge with a great deal of pleasure your letter of June 16th confirming reception of our DX program of June 16th. We have had a very generous response from this program and are very well satisfied with the excellent co-operation of our listeners.

This station has just been put into operation replacing WRBT. The new station is operating on 1370 kilocycles with power output of 100 watts and we are well pleased with the performance of the transmitter.

We are very sorry that we do not at present have any Ekko stamps. They have been ordered and you will be supplied with yours as soon as they are received.

Yours truly,

Broadcasting Station WRAM,
