Mr. David F. Thomas
Longwave Listening Post
Radio WUMS
Proctorville, Ohio

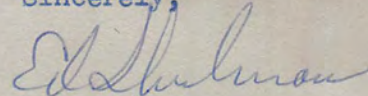

Dear David:

Thank you for your very nice letter about receiving KBON on your trip through Omaha.

Our transmitter and antenna are on 38th and Wright Street, which is about two miles South of the business center of Omaha and this probably accounts for our good intown reception through the nighttime interference on 1490.

Glad to hear from you, and would like to meet you any time you are passing through.

Sincerely,

Ed Shulman
Chief Engineer
