Dear Mr. Thomas:

Thank you very much for your card of September 20, 1947, reporting the reception of our test broadcasts. Your description of our broadcast is in exact agreement with our log, and therefore, I am sure that it was K B R L that you were listening to.

It is only through reports such as the one you were kind enough to send us, that we are able to determine the quality and the nature of our signal.

We greatly appreciate your interest.

Yours very truly,

William J. Cox
Manager
