Dear Mr. Thomas:

Thank you very much for your most interesting letter. The equipment layout you have at the "Post" is indeed quite elaborate.

The special program originated for the DX clubs was aired under rather trying circumstances as our transmitter is not equipped for full program origination but for music "fills" only.

I believe we have in our files, a car radio report from Wisconsin.

Thank you again for your comments. Enclosed is a data sheet in which you may be interested.

Cordially,
