Dear Mr. Thomas:

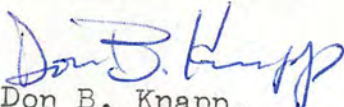

Your letter of February 17, brought to my attention the fact that certain of the reports of our DX broadcast on April 13, 1959 have not been answered. I had turned all of these reports over to a secretary who must have failed to complete all of the answering letters.

Reading through your DX report is interesting, however, the musical selections which you mentioned are difficult to identify as anything which we played during that morning. The fact that you list times at which WDCR identifications were heard is proof that you must have actually heard our station. Therefore, please take this as a positive verification.

Certainly you were the most distant person to send us a report. Congratulations on being able to sift our signal out of the QRM.

Please accept my apology of the tardiness of this reply.

Sincerely yours,

Don B. Knapp,
Technical Director, WDCR
