Dave:

I'm very sorry to hear of your bad luck but thank-you for taking the time to let us know what you did hear.

We did use code, however we signed off at I:10.

To date we have about nine letters which I think is enough to have been worthwhile. For a couple of people this was their first NH station.

We were aware that WGAR was giving IDs and many of the reports we did get showed heavy interference from a number of sources.

Once again thanks for your time, although when I first saw the return address I thought it might be a reception report as we did seem to go south better than a ny other direction.

Good luck in the Future,

Garnet Drakiotes

Engineer, WKBK
