Dear Mr. Thomas:

I have your letter of reception of February 14, 1943,
but none for December 20, 1942.

I regret to inform you that the program information furnished
in your letter of February 17, 1943 is sufficient to prove
reception of WTTM.

May I hear from you with a more definite report?

Very truly yours,

William R. Betz
