Lord Nelson Hotel,
Halifax, N. S.,
January 23rd, 1945.

Mr. David F. Thomas,
Official Longwave Listening Post,
Radio W.U.M.S.,
Proctorville,
Ohio, U. S. A.

Dear Mr. Thomas:

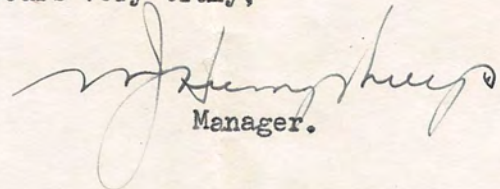

Many thanks for your letter of
January 15th describing in great detail your reception
of our signal.

It is very gratifying to us to find
that we are getting out over such great distances as we
have only 100 watts power at the present time, future
plans, however, include a new 1000 watt Transmitter.

We would appreciate hearing from you
from time to time although we do realize it must be
difficult for you to separate our 100 watts signal at
that distance from other nearby stations on the same
frequency and, in most cases, with greater power.

Thanks again for your valuable comments.

Yours very truly,

Manager.

M. J. Humphreys/jel
