Dear Mr. Thomas,

We have received a considerable number of cards and letters from DXers and I am forwarding a copy of this letter to those from whom we have heard, regarding the scheduled DX broadcast from CJFX, for November 15th, 4:00 to 5:00 p.m., AST.

Further to Mr. Nunn's telegram, I personally assure you that we had very violent gales here, on the night of the fourteenth and the morning of the fifteenth, which cut us off the air completely.

We deeply regret the inconvenience caused to those of you who were listening and assure you that we shall be quite pleased to make arrangements for another broadcast at your suggestion.

Yours very truly,

RADIO STATION CJFX
