Dear Sir:

This is to verify your report of December 20th. Your submitted program material was checked against our log and proved to be entirely correct.

As for your question regarding the duration of WBIL's operating schedule, we are not in a position at the present time to say just when WBIL will go off the air. However when this does occur, the 1100 kc. channel will be taken over by WBIL's sister station, WOV, on a full time basis.

Sincerely yours,

Sanford Alper
