

WFAS WFAS-FM

P. O. BOX 711, WHITE PLAINS, N. Y.

Telephone: WH 9-6400

December 3, 1956

Dear DX Correspondent:

We are happy to have your report on our special DX program broadcast November 26 between 4:00 and 4:45 AM for the National Radio Club.

We appreciate your courtesy and interest in writing, and are pleased to verify your report.

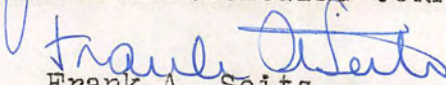

We are aware that propagation characteristics were very poor at the time, and that the test was hampered by one or more all-night stations operating on our frequency.

Mail was received from a number of Dx-ers who had previously reported WFAS as far back as 1932. It was certainly nice to hear from them again.

To all may we extend the sincerest best wishes and greetings for the approaching Holiday season.

Very truly yours,

WESTCHESTER BROADCASTING CORPORATION
