Mr. David F. Thomas  
Proctorville, Ohio

Dear Sir:

I wish to thank you for your report of  
reception of our mobile unit, WJEP.

This unit is a 100-watt transmitter operating  
on 2758 kilocycles.

It is frequently difficult to determine whether  
the listener receives this station via WHAM or  
direct. Your time notation and approximate  
frequency give the clue since this broadcast was  
terminated on WHAM at 8:30 PM but continued on  
2758 until 8:33 PM.

We would appreciate reports on future broadcasts.

Sincerely yours,

K. J. Gardner  
Engineering Department
